

A photograph of two scientists, a man and a woman, working in a laboratory. The man, on the left, is wearing a white lab coat, safety glasses, and blue gloves. He is using a pipette to transfer liquid into a test tube. The woman, on the right, is also wearing a white lab coat and safety glasses. She is looking at the test tube. In the background, other lab equipment and a person in a lab coat are visible.

**2022 call for permanent positions as
Research Professors & Research Associates**

Call abstract

- **Ikerbasque** offers **10 permanent positions** for researchers willing to develop a long-term scientific career in the Basque Country. This call is open to both:
 - **Established researchers**, postdoctoral researchers who conduct research independently, with an established reputation based on research excellence in their field, will obtain a permanent position as **Research Associates**.
 - **Senior leading researchers**, with international reputation based on research excellence in their field and a proven record in securing significant research funding, will obtain a permanent position as **Research Professors**.
- Selected candidates will carry out their research in one of the universities or research institutions of the Basque Country.
- These positions are financed by the Basque Government and the host institution where the researcher will develop her/his research: therefore, **the acceptance letter of the host institution is mandatory**.
- Researchers are expected to perform **independent research**. They should be capable of attracting competitive funding and leading their own research lines.
- Applications from **women** are especially welcome.

10
positions

10 permanente research positions

- Selected researchers are offered **10 permanent employment contracts**, with full social security under the Spanish Labour law, to develop a long-term scientific career in research center and universities of the Basque Country.
- The evaluation committee will grant the permanent positions as **Research Associate** or **Research Professor**, based on the evaluation and seniority of the selected candidates.
- **Salaries** will be in line of the current salaries in the Basque research institutions, and they will be consistent with the experience of the candidate.
- Initial **moving allowance up to 5,000 €** is provided for international moves.
- A **start-up funding** is provided for the initial research costs.

Candidates

- The applicants must have their PhD completed before January 2014.
- This call is open to both:
 - **Established researchers**, postdoctoral researchers who conduct research independently, with an established reputation based on research excellence in their field, will obtain a permanent position as **Research Associates**.
 - **Senior leading researchers**, with international reputation based on research excellence in their field and a proven record in securing significant research funding, will obtain a permanent position as **Research Professors**.
- Only researchers with a solid research track and international research experience will be considered.
- Demonstrated intellectual independence and scientific maturity are also required. Researchers are expected to perform **independent research**. They should be capable of attracting competitive funding and leading their own research lines.

Host research institution

- Selected candidates will carry out their research in one of the universities or research institutions of the **Basque Country**.
- Basque research host institutions, research groups and infrastructures can be found at www.science.eus
- An **acceptance letter** from the Vice-Rector for Research or Scientific Director of the host institution is **mandatory**.
- These positions are financed by the Basque Government and the Host institution where the researcher will develop her/his research.
- The Host Institution covers 40% of the position costs.

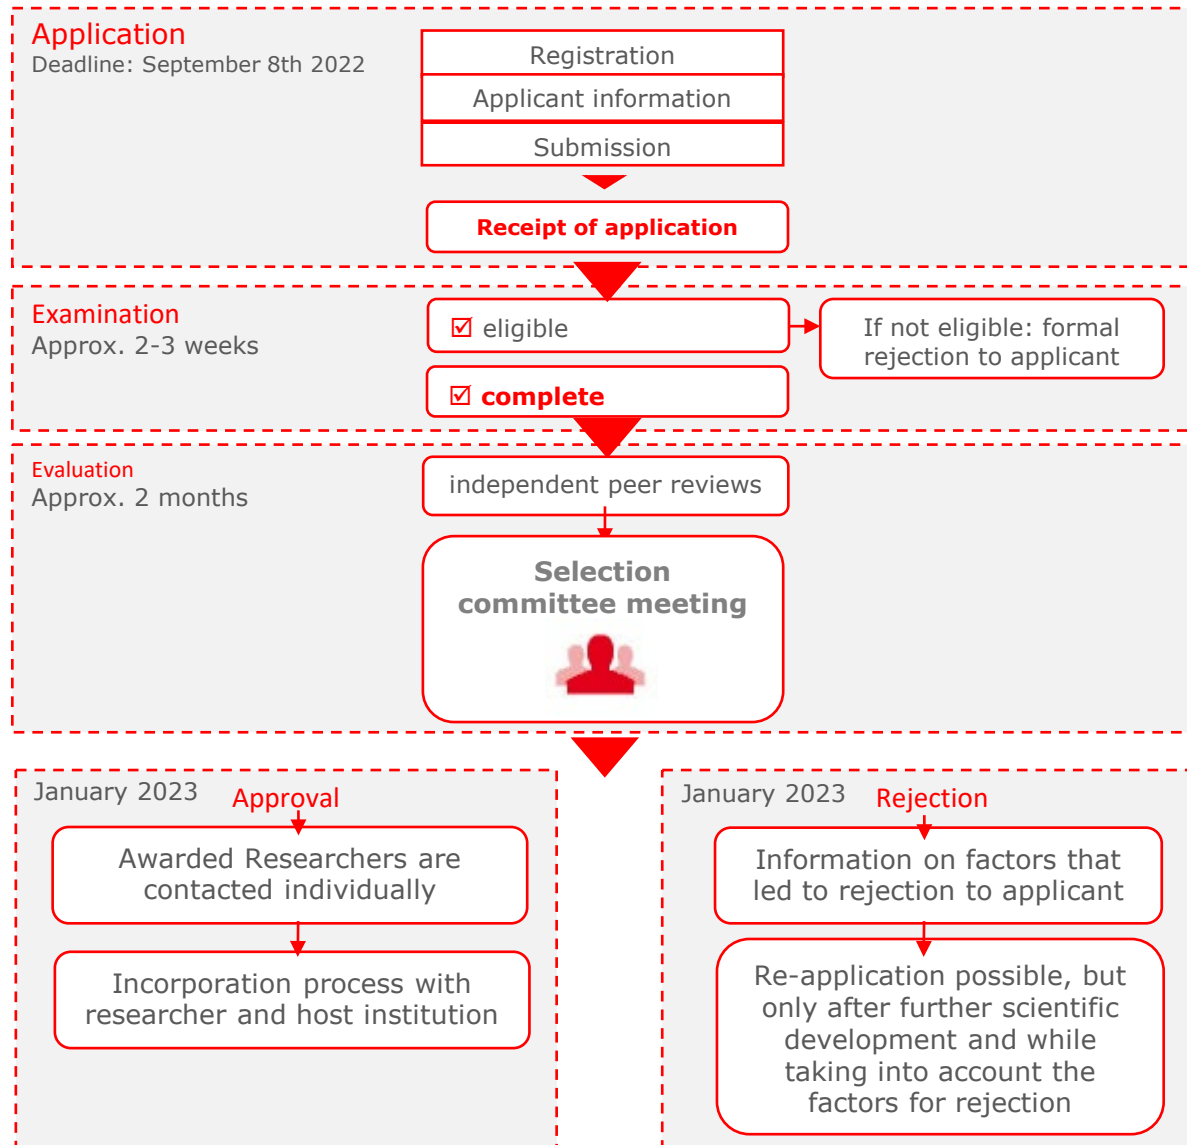

Application process

8th
SEPT

- Candidates must apply online before **September 8, 2022**, at 13:00, CET, at calls.ikerbasque.net including:
 - CV and the proposed research project.
 - At least two reference letters.
 - An acceptance letter from the host institution, which is mandatory since the positions are partly co-funded by the host institution.
- Applications from **women researchers** are specially welcome.
- Open to **all research areas**.

Evaluation procedure
