

Ikerbasque is the Basque Foundation for Science, created in 2007 by the Basque Government to **promote science** in the Basque Country

- our objective is to promote the **scientific development** of the Basque Country, investing in the **attraction** and **consolidation** of researchers
- there are **268 researchers** at ikerbasque from **37 nationalities**
- we are highly committed to contract **women researchers**, as well as with the return of talented **Basque researchers** from abroad
- ikerbasque has a comprehensive offer that covers the **different stages** of the research career: Research Fellows, Research Associates and Research Professors
- ikerbasque researchers develop their work in 23 different Basque research centers and universities
- ikerbasque's anual budget amounts to **18 million euros**, contributed by the Basque Government and the European Union
